

You should respect others even online.  
Just because someone doesn't know your identity  
it doesn't mean you can be disrespectful.

Decide against violence in the net.

Violence in the net is never justified.  
It can hit you. Your friends. Everyone.

If you or someone you know needs help,  
ask for it.  
or help them.

Recognize disrespectful behaviour and watch out.

You can also ask for help  
here:
