

How to use our website

Hello and a warm welcome to our project!

In our English lessons, we designed a website about the U.S. Presidential Election 2024, focusing on the state of Kansas. You'll find it in this folder.

Here is how to open it:

1. Double-click on the file named "index.html". Now, the website should open in your browser. If this doesn't work and the page opens for example in your coding program, please click with click right on this file and choose *open with* and then choose your browser.
2. Now, you should see our website. We hope, you enjoy it!

If you still have problems, please contact our English teacher Ms Buckowski (n.buckowski@ong.berlin).

Kind regards,
Class 9.1
